

Certified Naturally Grown APIARY SUMMARY INSPECTION REPORT

Bekeeper(s): Harlan + Ruth Wills Apiary Name: Willowood Apiaries
Inspector: Travis Wills Affiliation (Bee Club/Apiary): La Cross beekeepers

Inspector is: CNG Beekeeper Beekeeper using natural practices
 Educator of natural beekeeping Customer (1 of 3) Certified Organic Beekeeper

Date of the inspection: 4/30/18 Total Inspection Time: 35

Based on my observations and interview with the bekeeper(s), I feel confident in making the following declarations about the operation:

The bekeeper is careful to make sure that no prohibited insecticides, herbicides, fungicides, chemical fertilizer, or genetically modified crops are used on the land where the apiary is located. Agree / Disagree TW
(Your initials)

The hives are located in an area/s with abundant and diverse pollen and nectar sources that are adequate to support the health of the apiary's bee population. Agree / Disagree TW
(Your initials)

The bekeeper refrains from the use of synthetic in-hive treatments. Agree / Disagree TW
(Your initials)

The bekeeper refrains from overaggressive harvesting of honey and excessive feeding of sugar. Agree / Disagree TW
(Your initials)

The bekeeper demonstrates a commitment to sustainable practices that seek to protect and improve the health of the honey bee population. Agree / Disagree TW
(Your initials)

I feel confident in recommending that the above listed producer(s) and their apiary...

Signature of Inspector Date: 4-30/2018

As a CNG bekeeper I'm committed to continually enhancing my apiary's sustainability. During the next twelve months I will... plant organic wildflower + crimson clover seed to enhance naturally produced honey with no pesticides or harmful fertilizers for the bees and our honey produced.
